#### Self Dragon Training – Digital Dictation

The orange phone icon in the Dragon bar means that the tool is trying to locate the power mic mobile license. If you do not have this license, change device by logging off and select a different device (i.e. laptop mic or alternate microphone option).

This should change the icon to a red microphone. To record voice, manually click the red icon (should turn green) and test. To stop recording, click the green icon (or say the command: "stop recording")

Ensure cursor is in note when dictating or the text will appear in dragon tool text box.

# Try the following examples to test and learn the functionality of Dragon:

## **Basic Dictation Practice and Editing Commands:**

#### Example #1

The patient is a 64-year-old male who presents with chest pain. He reports that it started 3 days ago. He describes it as sharp, mid-sternal pain, radiating to his right arm. He complains of associated shortness of breath, cold sweats, and nausea. He denies vomiting, rectal bleeding, or tarry stools. He denies history of heart attacks. He does have a history of COPD, CAD, hypertension, and hyperlipidemia.

### **Basic Editing/Navigation Commands**

- Select \_\_\_\_\_ (1-2 examples) e.g. 64 change to 45, chest pain change to abdominal cramps, 3 days change to 5 hours, etc.
- Select \_\_\_\_\_, then capitalize from menu, e.g. 'right arm' (choose 1, 2, or 3)
- Undo that(x 1)
- Select \_\_\_\_\_, then delete that (x2) e.g. COPD, cold sweats
- Select \_\_\_\_\_ through \_\_\_\_\_ then delete that (x1) e.g. Select: 'The patient through cramps.'
- Undo that (x1)
- Go to end of sentence
- Go to end of paragraph
- New line
- New paragraph
- Start a sentence and say 'Scratch that' (erases up to last place one paused).
- What Can I Say? (Verbal command command can be used, or via DragonBar).

### Correcting/Adding/Deleting Words (Managing Words):

MillerKer	_ (	6	Dig
vice Location	Ence J.	Log Off Options Manage Auto-texts Manage Step-by-step Commands Manage Vocabulary Show/Hide Dictation Box Show/Hide Dictation Box Show Most Recent Message Show Log File Help What You Can Say	
		Exit	

or command "add to vocabulary"

Example #2 (add word): The patient is taking Ditrolene. (fake drug)

Example #3 (add word): The patient was seen by Dr. Karpolineum. (fake Dr. name)

Example #4(edit sound-alikes): The patient visited Dr. Pierce. (select and change to 'Pearce'). Then add word as 'Dr. Victoria Pearce' and train.

## Accessing Manage Vocabulary:

-Displays a list of custom words

- Can Train words, edit, or delete

#### Example #5:

- Find the word 'Ditrolene' entered earlier and re-train it. Show how to delete the word 'Ditrolene'.

#### Creating Dragon Auto-texts

Example #6:

Command Title: Insert My Signature

Your Name

Title

## Making Edits to Auto-texts
